University "Dunarea de Jos" of Galati uses entirely the European Credit Transfer and Accumulation System (ECTS). The credits for different didactical activities followed by our students abroad are allocated in two steps, according to the stage of the student mobility.

Student begins with drawing up the Academic Recognition Agreement that presents both the student's home institution curricula and host institution curricula, and after that the Learning Agreement is filled in. The process of choosing didactical units at the host institution stops when the total number of credits abroad is equal or a little bit higher than the total number of credits of didactical units at the home institution.

After completion the mobility, the number of credits could be slightly adjusted to fulfill the total number of credits of home institution. The credit adjustment is based on the number of hours of didactical activity.

Link to methodology is <http://www.ugal.ro/doc/ugal/erasmus/Metodologie-ERASMUS.pdf>
